IWT Final Project Evaluation – 2020

1. Project Submission Guidelines

Upload your integrated project in OneDive, paste the link in a notepad and upload it in courseweb.
(Project Leader should submit the text file in courseweb. No need to submit the same file by other members.)
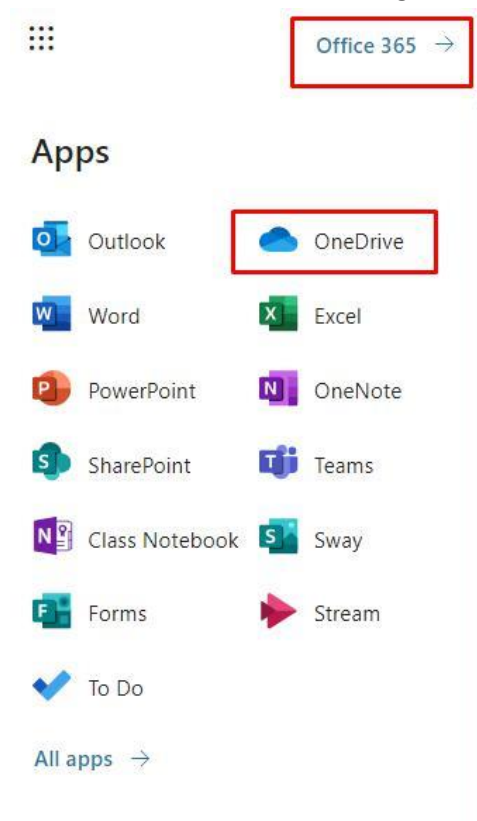

- Save the text file with your **Project Group ID**.
- Include the following details in your text file.
    - Project Group ID
    - Batch No
    - Topic
    - Project link
    - Group member details(Member Id, Member name, contact no, email address, Implemented Functions)
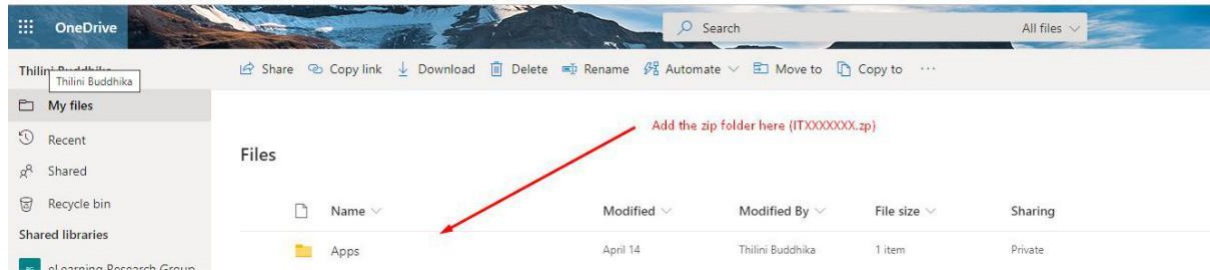

Due Date
Please submit the file on or before **23rd Oct 2020 11.45 pm.**

**Instructions to upload the project in OneDrive**

1. Use your SLIIT Microsoft account details to log in to office 365. Select OneDrive as following.

2. Zip your integrated group project and upload inside oneDrive. Name the zip folder with your **group ID**

3. Once you upload click on the shared button and allow anyone with the link can edit and copy the link from there.

2. Viva Session

- The Group Evaluation schedule will be shared among you. Be prepared for the presentation on the time.
- You should install Teams into your machine and be prepared to share your web application. One can share the screen while all members should present their implemented functionalities one by one. 4mins will be given for each member to present the functionalities. 10mins will be allocated for Q&A session.

3. Marking Rubric

Batch:	
Group No:	
Topic:	

		Teamwork - 20 marks			Individual contribution - 80 marks
